Digital Poster Making Competition

Invited digital posters on

the theme

21ST CENTURY SKILLS FOR SUSTAINABLE DEVELOPMENT

Ambitions for education are captured in Sustainable Development Goal 4 of the 2030 Agenda for Sustainable Development which aims to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all". In a globalized and multicultural economy and society, young people's horizons are not broad enough to operate accordingly. Challenges, such as the rapid technological advancements and new patterns of work have created several demands on education, making the inculcation of 21st century skills a necessity. Those skills need to be integrated in the teacher educational programs in order for the teachers to be effective in the 21st century.

Instructions:

1. Original digital posters should be prepared on either power-point or word or pdf or jpeg format.
2. Poster should not be more than 100 MB.
3. Poster should be submitted in given link of google form.
4. All participants will be provided a digital certificate.
5. Best posters will be selected in two categories
   i. School students upto K12
   ii. Students of higher education

6. The finalists of above two categories will be invited to speak and felicitate in international conference on 26th November 2023 at Shiksha Mandir, Banasthali Vidyapith.
